# Last Week:

**Easton Rotary was treated to a Classification Talk by Tyler Stuppino.** Tyler is a Lehigh Valley native who graduated from Freedom High School where, amongst other things, he played Baseball. He moved on to the University of Pittsburgh as a biology major but an internship in Sydney, Australia would send him on a path to a career in finance. He has been an avid skier for 27 years. He is a self-described computer nerd but also likes his music heavy and you might find him in the middle of a mosh pit. Tyler eventually married his High School prom date and they moved to Forks Township. They adopted a cute little cat named Winter who is now still cute but certainly not little. Their daughter is 18 months old and Tyler is learning just how fast time can fly. His undergraduate and Masters degrees in finance helped him to become employed as a Finance Manager at Audi Allentown. The job was time consuming and he learned that he valued free time and relationship building. He loved cars and still drives an Audi but it was time to move on. He signed on at PNC Bank where he started from the bottom. He learned about business banking and how to help people establish and grow their business. Eventually he was promoted to Branch Manager. He recently moved to Fidelity Bank which offers him a different atmosphere. The community bank environment suits Tyler's needs perfectly. He is able to build relationships with his customers. His support includes referrals to other professionals including wealth managers, CPAs, and attorneys. Rotary also looks like a perfect fit. It offers him a chance to give back to his community whilst also allowing him to be a part of a bigger, global initiative. It will allow him to share his passions with others and to

build relationships with like-minded people. He is anxious to join the Board of a local non-profit with similar core values.

**Happy Things:** *John David* made a Thursday lunch appearance. *Terry Pundiak* spotted a fancy pinwheel in the sky which may or may not have been linked to a rocket launching. *Gordon “Big Fella” Bigelow* reports that Jacob is recovering nicely from a fall. *Tyler Stuppino’s* 18 month-old daughter is taking swimming lessons. *Gayle Rogers* welcomed our guests. *BJ Metz* and his partner stunned the golfing world as they won the net ringers event at a recent outing. *Audra Frank* recognized Jim and Susan Allison who helped pave the way when she hosted Japanese exchange students.
